

FACT Directors standing for election 18th December 2023

The following are standing for election to be a Director of FACT. There are sufficient vacancies on the Board that they can all be elected. A short comment from each of them as to why Members should elect them as a Director of FACT is given below.

Peter Airey

“I’m currently the longest standing Director for FACT, voted on in 2012. I have extensive experience of the construction industry and won a prestigious award in 2009 for the management of refurbishment work on Eden Court Theatre. Currently I’m a member of the sub group dealing with the refurbishment of the Town Hall. I’m also an active member of the Sanquhar Residents’ Association. My other interests include gardening and traveling both in the UK and overseas and classical music.”

Lorna Creswell

“I have lived in Forres since 1980 and I’m passionate about the area and its people. I was an Independent Councillor for Forres Ward 8 which FACT covers up until May 2002. There is so much potential in individuals and groups working together and I’m committed to the ‘Spirit of Community’ with Forres and the surrounding area being the Centre of the Universe!”

Tina Coffey

“Having spent most of my adult life in Forres I’m committed to the area and its development for the benefit of the next generation and joined FACT to help make a positive contribution. FACT is one of the many organisations which I am actively involved with and I have been Secretary including Company Secretary since joining the Board.”

John Robinson

“I have always enjoyed being involved in community projects and think it’s important for an organisation such as FACT to collaborate across organisations to make Forres a better place to live, work and visit. This is something I feel I have perspective, life experience and knowledge to assist with. I’m also currently a Befriender for FACT.”
